The University Coat of Arms

In June 1994, His Excellency the Right Honourable Ramon John Hnatyshyn, Governor General of Canada, presented the University of Alberta with its Coat of Arms. The full Coat of Arms is displayed at ceremonial occasions such as Convocation, and is used by the Chancellor, the titular head of the University.

On the shield is a representation of the topography of Alberta rendered in the colors of the University. At the base is a prairie wheat field symbolizing Alberta's agricultural industry. The wavy gold line above suggests the hills and rivers of Alberta and, in particular, the setting of the University campus. The top of the shield is in gold and separated from the rest of the shield by a line suggesting the Rocky Mountains. The book of learning dominates the design.

On the crest is a Grand-Duc d'Amérique, or Great Horned Owl, the provincial bird and an accepted symbol of knowledge. The Pronghorn, taken from the Provincial Coat of Arms, and the golden bear, mascot of the University support the shield. Both wear collars of the University colors, as does the owl. At the base of the coat of arms is a grassy mound with wild roses, the floral emblem of Alberta with the University's motto: *Quaecumque vera* (“Whatsoever things are true”).

Please Note: The Jubilee Auditorium is a “smoke-free” facility.

The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information presented is current as of the program printing deadline.

The assistance of the Music Performance Trust Fund and the Edmonton Musicians' Association is gratefully acknowledged.

Photographs may be taken during the ceremony, but we ask that photographers do not approach the stage area and ensure that aisles and stairways are kept clear.

Greetings to the Graduates

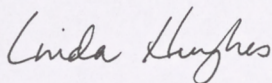

The pomp and ceremony of convocation reflects a long tradition of celebrating achievement at university. Each of you devoted years of study and hard work to accomplish your goals and today your proud families, friends and teachers all recognize and salute your success.

Over one hundred years ago, our founders promised that the university would not be isolated from the world but would share its knowledge and learning with the community to serve the public good. Today you join more than 275,000 University of Alberta alumni worldwide who are fulfilling the promise of building a better world through education.

Learning to live in peace and prosperity will require leaders and citizens with vision, commitment and drive. We hope the knowledge and skills you have acquired during your university years will help you become those good citizens of the world and achieve your dreams.

Congratulations. Enjoy your success and your day of celebration.

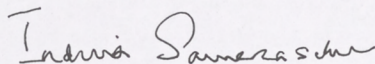

Linda Hughes, BA, LL.D (Hon)
Chancellor

Congratulations to the University of Alberta's class of 2010! Today is your day to celebrate the successful outcome of years of study, intellectual growth and personal discovery. Today you become a proud graduate of the University of Alberta, one of Canada's leading post-secondary universities.

As you begin the next stage of your journey, be guided by the foundational values of the University of Alberta formed by our first president. At the heart of Henry Marshall Tory's vision were two ideals: first, that the modern university should be for the "uplifting of the whole people" and second, that we should pursue whatsoever things are true: *quaecumque vera*. With these U of A ideals as your beacon, I urge you to follow the lead of the more than 275,000 U of A alumni who have gone before you and begin to play your own extraordinary part in building, serving and uplifting your community.

Indira Samarasekera, O.C.
President and Vice-Chancellor

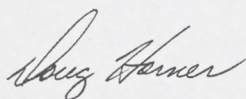

I am pleased to congratulate the University of Alberta graduating class of 2010. Alberta is blessed with vast energy, agricultural, and forestry resources, but our greatest natural resource is our people. With an education from one of Canada's most distinguished institutions for learning, you are well-prepared to move forward with confidence.

By confidence, I mean the spirit to achieve while staying true to your values. These are attributes we hold in high regard in Alberta. Your commitment to higher learning is evidence that planning, hard work, and following through are central to your core principles. Our next generation economy will be built on your talents, your knowledge, and your strength of character.

I hope you take the time to celebrate your academic and personal accomplishments, as well as reflect on the friends you have made, the rich campus life you have experienced, and the many opportunities that lay ahead of you.

I wish you all the very best as you continue to pursue the future you envision for yourself.

Honourable Doug Horner
Deputy Premier and Minister of Advanced Education and Technology

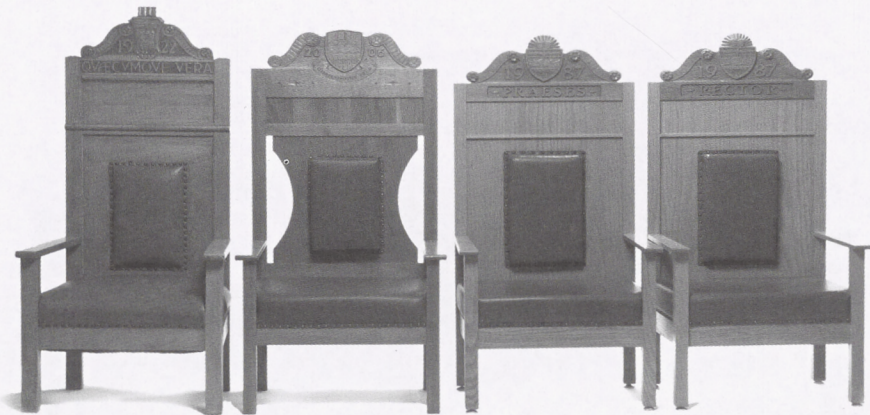

Our Traditions

The University Ceremonial Chairs

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded-leather back is carved the University motto *Quaecumque Vera* together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

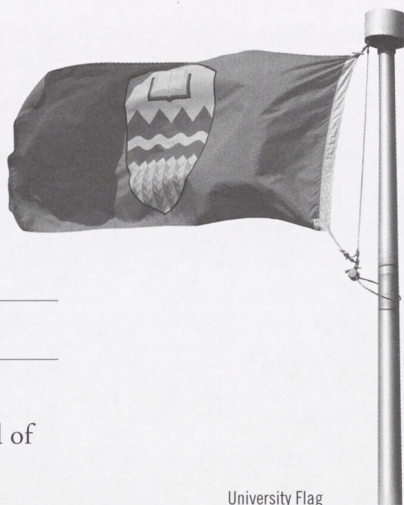

In 2006, a fourth chair was donated in memory and honor of Lois Elsa Hole, beloved Chancellor (1998 – 2000) and Lieutenant Governor (2000 – 2005), by Earl Evaniew, Sandra Kereliuk and their daughter Jennifer. This chair becomes part of the seating arrangements on stage, when the Lieutenant Governor or other high profile dignitaries attend the convocation ceremonies.

University Ceremonial Chairs

The University Flag

The University Flag has a gold background and bears the shield of the Coat of Arms.

University Flag

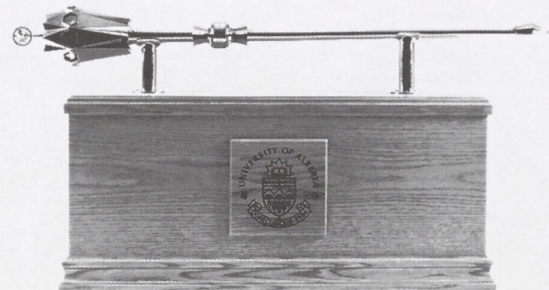

The University Mace

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 – 1970. It was presented by his son, Michael Galbraith, on behalf of his father on 26 May 1970.

Among its elements are: the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto encircles the staff.

The ceremonial stand for the Mace was donated in 1987 as a memorial gift by family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors 1950 – 1966.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power—but the power of knowledge and the importance of the University in the community.

The University of Alberta Cheer Song

*Ring out a cheer for our Alberta
A song of praise to Varsity.
For the splendour of our mountains
Our prairies green and gold.
Ranked beneath whose glowing colours,
Thy legions march enrolled.
Our memories will live forever
Beloved University.
We will fight for thee and cheer
And ever hold thine honour dear.
Our Alma Mater U of A
Green and gold! Quaecumque vera!
Guide us through each coming era,
Guide us on through battle gory
To a new and greater glory.*

Convocation

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval magna congregatio of all Faculties. It is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods and caps declare, in their various designs and colors, the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to her and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the universitas magistrorum, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed. The words "I admit you" and

the placing of the students' hands within the hands of the Chancellor and her associates, bind the students in the appropriate degree to the universitas magistrorum. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Because they bear in themselves the promise of the future, they are what the University hopes to be. Despite its solemnity, convocation is a joyous occasion.

Academic dress at the University of Alberta generally follows the tradition of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. See Academic Dress on page 78 for a detailed description of ceremonial colors.

Conferring of Degrees

The Presentation

The Senior Dean presents the candidates for degrees with these words:

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

The Pledge

The President then addresses the candidates in these words:

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"

Each candidate replies:

"These things I pledge myself to do."

The Admission

The Chancellor then addresses the candidates in these words:

"By virtue of the authority vested in me by the Legislature of this Province and with the consent of this University, I admit you to the degrees to which you are entitled, and invest you with all the powers, rights, and privileges pertaining to such degrees. I charge you to use them for the uplifting of the whole people; to inspire the human spirit; for all who believe, to serve your God; and to pursue more steadfastly whatsoever things are true."

The graduates remain in their places.

Honorary Degree Recipient

CONGRATULATIONS

Honourable Allan Harvey Wachowich

U of A alumnus and former Chief Justice of the Court of Queen's Bench of Alberta, Allan Wachowich is an inspiring example—on and off the bench—of how much one person can accomplish through compassion and hard work. His retirement in 2009 marked 30 years of distinguished service on the Court of Queen's Bench and during the course of this service he admitted 600 lawyers to the Bar. He is an invaluable contributor to the work of the Canadian Judicial Council and has advanced legal education both here and abroad, including in Russia and Ukraine. A lecturer for 10 years for the Faculty of Law in insurance law and professional responsibility, Allan Wachowich is also an active supporter of many humanitarian initiatives such as Catholic Charities Edmonton and the YMCA. A recipient of the Queen's Golden Jubilee Medal and the Alberta Centennial Medal, he is widely respected as a community leader.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to the Honourable Allan Harvey Wachowich:

[Booth, William] The Compleat Solicitor performing his duty: and teaching his client to run through and manage his own Business, as well in His Majesties Superiour Courts at Westminster, as in The Mayor's Court, Court of Hustings, and other Inferiour Courts, both in the Citie of London, and elsewhere. London: Printed by Ja. Cotterel, and are to be sold by several Booksellers in Fleet-street & Holborn, 1668.

Honorary Degree Recipient

CONGRATULATIONS

Ernest Frederick Roots

Through Ernest Frederick Roots' tireless leadership, global organizations were created to administer the polar regions for scientific research and environmental protection. While on the first truly international expedition to Antarctica in 1949, he helped set the course for future exploration—the pursuit of science versus the thrill of geographical discovery. There is now a mountain range named after him in Antarctica, and he holds the record (189 days) for the longest unsupported dog sled journey in polar regions. Dr Roots is also the founder of the Polar Continental Shelf Project, a model used by many nations for logistical support and conduct of polar science. Since 2000 he has been involved as an educator for Students on Ice, a program in which Canadian and international high school students visit the Arctic or Antarctic to learn first-hand about our planet. He is a Fellow of the Royal Society of Canada and an Officer of the Order of Canada.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr Ernest Frederick Roots:

*Astrup, Eivind. **With Peary near the Pole.** Illustrations from photographs and sketches by the author, translated from the Norwegian by H.J. Bull. Philadelphia: J.B. Lippincott Company, [189?]*

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline: Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Honorary Degree Recipient

CONGRATULATIONS

Victor Stanley Buffalo

Victor Stanley Buffalo is a respected Alberta leader and entrepreneur whose pioneering work has helped First Nations businesses across Canada to thrive. As one of the guiding forces behind Peace Hills Trust, he led the creation of Canada's first and largest Aboriginal-owned financial institution. He was the Chief of the Samson Cree Nation for five terms of office. Samson is the first and only Aboriginal Nation in Canada to gain control of capital funds that were previously administered under the *Indian Act*. In addition to his contributions to economic development, employment, health care, treaty rights and language preservation, Victor Buffalo's greatest passion has been to expand educational opportunities in his community. As chief, he established the Samson Education Trust Fund, which encourages and supports Samson Nation members to complete university, technical and trades training. He was appointed to the Alberta Order of Excellence in 2007 and an Officer of the Order of Canada in 2008.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr Victor Stanley Buffalo:

*Benson, Daryl. **Alberta Images**. Edmonton: Cullor Books, 2004.*

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Honorary Degree Recipient

CONGRATULATIONS

Aubrey James Tingle

Aubrey Tingle is an accomplished academic pediatrician and research virologist who has made major contributions to our understanding of the interaction between rubella virus infection and host immune responses including arthritis. He received his MD from the University of Alberta with a gold medal in pediatrics and served as the Executive Director of the B.C. Research Institute for Children's & Women's Health. His visionary leadership as the former President and Chief Executive Officer of the Michael Smith Foundation for Health Research contributed to the foundation's internationally renowned success. Dr Tingle gives freely of his time and readily serves as an advisor to other faculties of medicine. Lending his expertise to the work of the Canada Foundation for Innovation and the Canadian Institutes of Health Research, he has been a guiding force in the development of innovative programs in population health, health system delivery and the commercialization of technology.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr Aubrey James Tingle:

*Gatenby, Greg, ed. **Whale Sound: an anthology of poems about whales and dolphins.** Toronto: Dreadnought, 1977. Copy 21 of a limited edition of 100 copies, signed by the editor.*

Honorary Degree Recipient

CONGRATULATIONS

Helen Kay Raseroka

University of Botswana Library Director Helen Kay Raseroka served as the first African president of the International Federation of Library Associations (IFLA). The theme of her presidency was "Libraries for Lifelong Literacy," and she challenged members to redress the longstanding neglect of the human rights of marginalized communities with respect to freedom of access to information. She founded Botswana's Library Society and its Children's Information Trust, which fosters a reading culture among rural primary school children through storytelling by elders in schools. She has devoted more than 35 years to promoting the importance of oral learning in indigenous communities. She also served as board member of the Canadian Organization for Development through Education, a not-for-profit agency that works with local organizations in developing countries to empower children to learn. A recipient of the IFLA's highest award, the Honorary Fellowship Award, Kay Raseroka is a respected leader of education initiatives in Africa and throughout the world.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Ms Helen Kay Raseroka:

*Legge, Willow. **An African Folktale**. Guildford, Surrey: Circle Press Publications, 1979. Copy 8 of a limited edition of 200 copies, signed.*

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. Honorary Degree Recipients

CONGRATULATIONS

Hugh Anson-Cartwright

Hugh Anson-Cartwright is deeply committed to preserving the cultural heritage of the printed word. He has devoted 45 years to the development of Canadian library collections, the encouragement of Canadian authors and the advancement of Canadian cultural organizations and institutions. Through the era of university expansion in the 1960s and 1970s, he helped build and expand general library collections at Canada's universities, selling whole collections or brokering their donations by others. Under his imprint, he published or distributed prize-winning works of literature, non-fiction and reference. The Anson-Cartwright bookshop in Toronto is a gathering place for bibliophiles, scholars and librarians from across Canada. Famously generous with his time and accumulated knowledge, he has helped develop young Canadian professionals in publishing and librarianship. As an eminent antiquarian bookseller, expert appraiser, publisher and benefactor of university libraries, he has made lasting contributions to the future of education in our country.

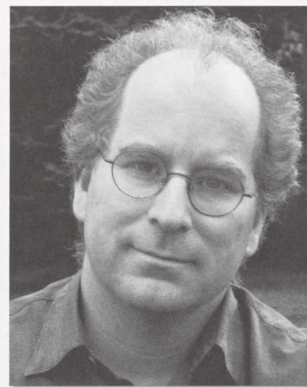

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr Hugh Anson-Cartwright:

*Bury, Richard de. **Philobiblon, the text and translations of E.C. Thomas, edited with a foreword by Michael MacLagan.** Oxford: Shakespeare Head Press, 1960. Copy 223 of a limited edition of 500.*

Brewster Kahle

Visionary inventor and philanthropist Brewster Kahle, creator of Wide Area Information Servers (WAIS) and co-founder and director of the Internet Archive, is committed to advancing the goal of universal knowledge by building the world's largest digital library – openlibrary.org. Working in co-operation with institutions such as the Library of Congress, Smithsonian Institution and the National Science Foundation, this initiative has preserved more than 30 billion pages of information that might otherwise have disappeared from the ever-changing digital universe. His innovative approach to the use of technology has expanded the scope and reach of libraries and archives; he is able to imagine doing things that everyone else thinks are impossible. Kahle has said that, "Universal online access to all knowledge may not be a goal that is going to be finished in our lifetime, but if you pick a goal far out enough, people can align to it. Our idea is to build the future."

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr Brewster Kahle:

*Sobota, Jan and Jarmila. **I, Robot: Three laws of robotics.** Loket: Czech Republic, 2007. Copy 28 of a limited edition of 30 numbered and signed copies.*

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. Honorary Degree Recipient

CONGRATULATIONS

James G Neal

James G Neal has spent 35 years at the vanguard of the analog to digital transformation of modern libraries. As Vice President for Information Services and University Librarian at Columbia, he has contributed to important advances in electronic teaching and learning, copyright policy, preservation and digitization. He represented the American library community in testimony on copyright matters before Congressional committees and advised the U.S. delegation at the World Intellectual Property Organization diplomatic conference. He also played a key leadership role in launching Project MUSE, a unique collaboration between libraries and publishers providing online access to prestigious humanities and social sciences journals. In 2009, Jim Neal received the American Library Association's Melvil Dewey Medal in recognition of a lifetime's service to libraries. Leading the debate on fair use of intellectual property and open access to scholarly research, he continues to promote a vital and expanding role for libraries in the 21st century.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr James G. Neal:

*McCarney, Scott. **Diderot/Doubleday/Deconstruction**. [Rochester, N.Y.] : [Scott McCarney], 1996.*

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Honorary Degree Recipient

CONGRATULATIONS

Romila Thapar

Romila Thapar is a recognized authority on Ancient Indian history; her pioneering work has had a profound impact on historical writing and has shaped the study of Indian history for a whole generation of scholars. She has set the course of both the study of early Indian texts as history and the critical integration of archeological evidence with difficult written sources, including the ancient Itihasa-Purana tradition commonly regarded as among the earliest historical writing in the world. Her influence ranges across numerous disciplines including world history, anthropology, archaeology, genetics and linguistics, and her work has largely rewritten the history of ancient India circa 500 BC to AD 500. Striving for truth, she is dedicated to the development of her discipline and undertakes recurring evaluations of her own stance. A prolific scholar who is respected internationally for her integrity and her intellectual courage, Romila Thapar is one of India's most distinguished living historians.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr Romila Thapar:

Nawab, Sarabhai Manilal. Masterpieces of the Kalpasutra paintings. Jain Art Publication Series No. 7. Ahmedabad: S.M. Nawab, 1956. Copy 59 of a limited edition of 125 copies. Signed by the author.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Honorary Degree Recipient

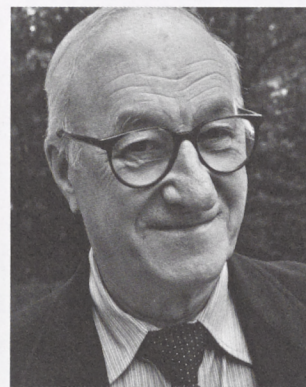

CONGRATULATIONS

Albert Bandura

Albert Bandura is recognized internationally for his work in social learning and social cognitive theory, which states that people are active participants in their environment and are not simply shaped by that environment. His theories on self-efficacy and social modelling for human motivation, thought and action are fundamental to our understanding of organizational behaviour in the workplace. He received the Outstanding Lifetime Contribution Award from the American Psychological Association in 2004 and the prestigious Grawemeyer Award for Psychology in 2008. Dr Bandura continues to contribute to the field of psychology. His most current work focuses on moral disengagement or how some people disconnect from the self-regulatory mechanisms that usually keep behaviour in check in order to engage in activities that contribute to human destruction. One of the pre-eminent psychologists of the 20th century, his work is considered a turning point that started a shift in thinking about personality.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Dr Albert Bandura:

*Freud, Sigmund. **The Case of the Wolf-Man: from the history of an infantile neurosis, with an introduction by Richard Wollheim.** San Francisco: Arion Press, 1993. Copy 159 of a limited edition of 250.*

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Honorary Degree Recipient

CONGRATULATIONS

Patrick Daniel

University of Alberta alumnus Patrick Daniel demonstrates exemplary business and community leadership. As President and Chief Executive Officer of Enbridge Inc., he has championed corporate social responsibility as a core value and transformed traditional adversarial utility relationships into effective alignments between production, refining and distribution. His leadership style has created strong bonds with investors, employees, customers and stakeholders. In 2007, Mr Daniel was named Canadian Energy Person of the Year by the Energy Council of Canada. He was named Resource Person of the Year by the Alberta Chamber of Resources in 2010. He has volunteered regularly on behalf of the United Way and the Alberta Cancer Foundation. His focus on building community is as intense as his commitment to investments in new energy technologies and alternative forms of energy such as wind power. Patrick Daniel has noted that "in the new millennium, we have to earn the right to keep doing business."

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Mr Patrick Daniel:

Walton, Izaak. ***The compleat angler, or the contemplative man's recreation***. Edited by John Major. London: Privately printed for the Navarre Society Ltd., 1925.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Honorary Degree Recipient

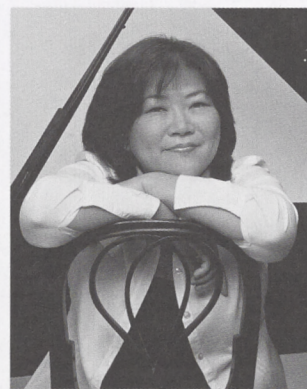

CONGRATULATIONS

Angela Mai-Lin Cheng

Angela Cheng is one of Canada's most gifted concert pianists, appearing regularly on national and international stages. She is the artistic director of Piano Plus and was one of the founding members of Piano Six, in which six pianists pledged their services for a period of 10 years, so the program would have a better chance of generating a lasting impact. Each member tours the nation's rural communities for 10 days each year, performing and teaching in schools, churches and concert halls. She was the first artist in Edmonton to receive financial support from the Anne Burrows Foundation for Young Musicians and she was the first Canadian to win the prestigious Montreal International Piano Competition in 1988. For her outstanding interpretations of Mozart, she received the Medal of Excellence at the Mozarteum in Salzburg in 1991. An outstanding ambassador for classical music, she is sought after as a recitalist, soloist, chamber music player and educator.

The University of Alberta Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of an honorary degree to Ms Angela Mai-Lin Cheng:

Barrington, Daines. Account of a very young musician in a letter from the Hon. Daines Barrington, F.R.S. to Mathew Maty, M.D. Sec. R.S. received November 28, 1769. Vancouver: The Turtle Press, 2006. Limited to an edition of 150 copies.

Congratulations Graduates

The list of candidates for degrees, certificates, and diplomas appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically. The winner of the most prestigious award in each faculty, if attending, is presented first.

Academic Dress

All undergraduate and master's degree gowns are the customary Cambridge shape, i.e., a gown of black material falling below the knee with full sleeves cut to the elbow and terminating in a point.

Hoods are made in the Oxford pattern of spruce green material. The Bachelor's hood has a border three inches wide of the color distinctive of the Faculty as noted below. The Masters' hood has a full lining of the color distinctive of the Faculty also noted below. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Doctorate Degrees

'Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctors' hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and

matches the velvet trim on the gown's sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

Honorary Doctorates

Honorary Doctors of Laws (LLD), Letters (DLitt), and Science (DSc) wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.

If you can, please share this program with a companion.
Then, if you do not take it home, please leave it (in good
repair) on the table by the doors as you exit. This will help
us ensure that someone else can use it on another day of
Convocation, and subsequently conserve paper.
Thank you for your assistance.
